Viceroy's Talks With Leaders Postponed

CONGRESS CABINET CALLED TO REVIEW SITUATION

League Executive Not To Meet Till Early June

SIMLA, May 11. (A.P.I.): A "communiqué" issued from the Viceroy's Lodge, Simla today, says:—"Owing to the imminence of the Parliamentary recess in London, it has been found necessary to postpone His Excellency the Viceroy's meeting with the Indian leaders announced to begin on Saturday, May 17, until Monday, June 2."

SURPRISE IN DELHI

The postponement of the Viceroy's Conference with the Indian political leaders to discuss the British Government's plans for the transfer of power was as great a surprise as last night's announcement that the conference was to be held on May 17. The "communiqué" issued tonight from Viceroy's house stated:—"Owing to the imminence of Parliamentary recess" it had been found necessary to postpone the Conference. Political circles in Delhi, however, do not feel that the postponement, coming as it does 24 hours after the original announcement, is due primarily to the Whitsun vacation. For, it is argued that the contemplated announcement was a Cabinet decision which need not have been immediately discussed in Parliament. This decision, it is stated, was to suggest alternative methods for the implementation of the British Government's policy to hand over power by June 1948 as enunciated in the Statement of February 20, which was fully discussed in and endorsed by Parliament.

Political circles in New Delhi suggest that an outline of the announcement was communicated to the Viceroy from London and objections raised to it in India were of such a nature as to necessitate a reference for reconsideration to the Cabinet. In view of the postponement, the meeting of the Muslim League Working Committee has been postponed. A similar postponement of the session of the Congress Working Committee is expected. Mahatma Gandhi, therefore, is not expected to be in Delhi next week.

CONGRESS PRESIDENT INVITES MAHATMA AND OTHERS
The Congress President, Acharya Kripalani, it is understood, has telegraphically requested Mahatma Gandhi to be present in Delhi from May 16 for the Congress Working Committee session beginning that day. It is learnt that the Congress (Continued on Page 5)

Bengal League Leader Confers With Mahatma

CALCUTTA, May 11 (UPD): Mr. Sarat Chandra Bose and Mr. Abul Hashim, the out-going General Secretary of the Bengal Provincial Muslim League, had a joint meeting with Mahatma Gandhi for about one hour this afternoon. Mr. Abul Hashim is reportedly understood to have placed before Mahatma Gandhi a formula for permanent and interim settlement of the communal and constitutional problems of a majority of Bengal Muslim League, including Premier Suhrawardy, but refused to commit whether the formula was approved by Mr. Jinnah or the League High Command.

Mr. Hashim's formula contained the following chief points: (1) Bengal to remain united and the partition demand to be withdrawn; (2) Provisional administration by Hindu and Muslim members on fifty-fifty basis; (3) Joint electorate and adult franchise; (4) Formation of an interim coalition Government having parity between Hindus and Muslims and another Muslim to be the Premier and (5) The Interim Government to continue a Constituent Assembly to decide whether Bengal should join the Union Centre or remain independent.

'Pravda's' Charge Against Britain

MOSCOW, May 11. (Reuters): The Soviet Communist Party newspaper "Pravda" today charged the British Government with an under-cover operation to bring displaced persons into Britain, France and some South American countries from the camps in her occupation zones in Germany and Austria. The British Ministry of Labour, the newspaper asserted, has sent special recruiting officers into Germany and Austria where they are acting in concert with the military and intelligence Service to recruit up to 100,000 displaced persons, mainly Ukrainians and Baltic peoples for work in coalmines.

Not only is propaganda going on in the camps against the return of Soviet citizens to their homeland, but propaganda directly hostile to the Soviet Union is being tolerated by the British and American authorities, the newspaper declared.

Pope To Appear In Film

VATICAN CITY, May 10 (Reuters): The Pope will shortly take an unprecedented step of appearing in a film, it is authoritatively learned here today.

The Pope will appear at the end of the film, produced by the Catholic Cinematographic Centre, when he will make an appeal for world peace. The appeal will be made in seven languages—Italian, English, French, German, Spanish, Portuguese and Latin—necessitating seven different "shootings".

The film is understood to be completed excepting the Pope's address.

Chundrigar To Meet Attlee

Functions Include Luncheon By Shipping Interests

LONDON, May 11. (Reuters): Mr. Ismail Chundrigar, Commerce Minister of India, arrived here last night by air on his way to Geneva, where he will represent the Government of India at the International Trade and Employment Conference.

Mr. Chundrigar will meet Mr. Clement Attlee, the Prime Minister, and Lord Listowel, the Secretary of State for India, and Sir Stafford Cripps, President of the Board of Trade, during his stay in London. He will meet British shipping interests at a luncheon to be given by Sir William Curry, Chairman of P. and O. on Monday and will have informal talks with them on the future of British shipping in India. With Sir Stafford Cripps he will discuss the possibilities of future Indo-British trade.

The High Commissioner of India, Mr. M. S. Valodi, has invited British and Indian businessmen to meet Mr. Chundrigar at an official luncheon on Tuesday. Mr. Chundrigar will himself receive 500 British and Indian guests at an informal party at India House on Wednesday.

Mr. Chundrigar will also address a number of public meetings under the auspices of both Congress and Muslim League institutions in London.

Mr. Chundrigar will leave for Geneva on May 16. He will pay a short visit to Paris to see the Indian Trade Commissioner's office there on May 21 and 22 and will return to London on May 23 on his way back to India.

NEW YORK, May 10 (Reuters): Queen Mother Nafis of Egypt, Mother of King Farouk, arrived by air in Boston, Massachusetts today, and will travel to New York by train tomorrow.

Latin-necessitating seven different "shootings".

The film is understood to be completed excepting the Pope's address.

Free Pathan Republic

Frontier Speaker Prefers Separation To Grouping With Punjab and Sind

DERA ISMAIL KHAN, May 11 (A.P.I.): The speaker of the Frontier Assembly, Nawabzada Allah Nawas Khan in a Press statement declared today that "if the partition of India was inevitable, I would prefer an independent sovereign republic of all Pushto speaking people united geographically and by ties of language, religion, culture, habits, temper and economic interest rather than lose our unity by being grouped with the Punjab and Sind."

The Nawabzada said: There is no reason to doubt the sincerity of the historic statement of February 20 regarding the transfer of power to Indians by June 1948. The recent terrible happenings in the Frontier and elsewhere in India however force the peace-loving people to the conclusion that the transfer of power should be much sooner than the stipulated date.

"We of the Frontier Province want that withdrawal of the British should begin from this corner of India for it is the presence of the British that has created a situation which seems to be taking us to civil war in the province. Nothing can be forced on the Frontier against the will of her people. There is no Pathan who will not welcome the creation of an independent sovereign Pathan Republic."

CHINA'S ECONOMIC CRISIS MAY FORCE A SETTLEMENT

SHANGHAI, May 11. (Reuters): China's economic crisis, the most serious in its history, may result in a new move towards reconciliation of Nationalists and Communists, political observers said here today. It was extremely doubtful, they added, if the Government, in a steadily deteriorating economic situation, could carry on the present large-scale anti-Communist campaign for more than six months. Government would have to make more generous concessions than in the past to attract Communist leaders back to the conference table, but one observer declared: "These concessions would be worthwhile if a breathing spell of peace could be brought on the long-suffering Chinese populace."

The majority of Shanghai's rice shops remained closed today despite police assurances of full protection against Communist attacks.

Communists Massing In Shansi

NANKING, May 11. (Reuters): Eleven delegates arriving to attend the forthcoming session of the Peoples Political Council here reported today that 200,000 Communist troops were massed in Shansi Province of Northern China where the Chinese Government maintains a force of only 10,000 troops. The delegates appealed to General Chiang Kai Shek for reinforcements, ammunition and relief food supplies for the province.

According to reports reaching Nanking today Communists generally are preparing an offensive to capture Taiyuan, capital of the Shansi Province. General Chuah and Mao Tse-tung, leaders of Communist operations personally conducting operations against the Government in Shansi, according to reports reaching here today, are supervising the Communist offensive which has as its objective the capture of Taiyuan, the Shansi provincial capital, these reports claim. It is likely that the League of the joint command of Generals Lien Yung Chen and Yang Chen Wu have begun to move towards Uytse, 16 miles south of Taiyuan in preparation for an assault on the city.

Fighting continues in the Shouyang area, 20 miles east of Taiyuan and Feng Yang, 60 miles south-west of Taiyuan.

Ahmedabad Textile Labour Association To Join I.N.T.U.C.

AHMEDABAD, May 11. (A.P.I.): The joint board of representatives of the Textile Labour Association resolved this evening to be affiliated with all its constituent unions to the Indian National Trade Union Congress.

The resolution stated: "The existing All-India Trade Union Congress is dominated by Communists and has failed to secure proper objectives for the working classes due to its anti-national and anti-working class ideology. A large number of organizations now affiliated to the All-India Trade Union Congress are disgusted with the manner and method in which it functions and desire to be out of it."

50 Boats Capsize In Surma River

SYLHET (ASSAM), May 10 (A.P.I.): About 50 boats capsized with passengers and cargo in the river Surma in the Sunamganj area in a cyclone according to information received here. No loss of life has been reported.

No Transfer Of Power To Interim Govt.

JINNAH REJECTS SARDAR'S PLEA AS "MONSTROUS"

"Demand For Pakistan Is Not Justiciable Issue"

NEW DELHI, May 11. (A.P.A.): Muslim League President M. A. Jinnah said today that if the British decide that India must be divided, "then the Central Government must be dissolved and all power should be transferred to the two Constituent Assemblies formed and representing Pakistan and Hindustan."

"MONSTROUS PROPOSAL"

A similar suggestion was advanced two days ago by Sardar Vallabhbhai Patel as an alternative to his principal proposal that His Majesty's Government transfer power at once to the Interim Government as it now stands. Sardar Patel commented, however, that the transfer of power to the Interim Government "would be easier" would bring peace in the country "within a week" and would result in a quick agreement between the Congress and the Muslim League.

Mr. Jinnah, in an interview with the Associated Press of America, rejected as "a monstrous proposal" the Congress Home, Information and Broadcasting Member's advocacy of giving the Interim Government Dominion Status and power. The League President said, "the League will never agree to it."

He characterized the plan advanced by Sardar Patel as "only a dream of his."

Sardar Patel had prefaced his proposal with the comment that the current British policy of remaining neutral but holding power is a way of propagating civil war.

Neither Mr. Jinnah nor Sardar Patel went into details about transferring power to the respective Constituent Assemblies. However, it was regarded as likely that the League would take the position that any objection by minorities should be the subject of arbitration between the Constituent Assemblies.

THE SARDAR'S WAY

After his attention was drawn to the interview given by Sardar Patel to the Associated Press of America, Mr. Jinnah remarked that: "His (Sardar Patel's) solution comes to this: That all power should be immediately transferred to the Central Government and the Viceroy and every other authority under the present Constitution should stand out and the Government of India Act of 1935 should cease to function. And then Mr. Patel says, if there will be any

conflict in the Cabinet over any question, the Congress brute majority will rule both in the Cabinet and the present existing legislature. Then he will proceed with the existing administrative machinery, which is to be handed over to him throughout the country, with the police and the armed forces, including British troops to put down everybody in the country and crush particularly the 100,000,000 Muslims. That is his prescription and way of keeping peace."

"I note that he has now developed a sudden affection for 'Dominion Status' and 'Dominion Functions.' I wonder what has happened to the recent resolutions passed by the Congress at its sessions only a few months ago and the sister body which the rump Constituent Assembly has now become, which is run by the Congress authoritarian caucus where the passed resolutions solemnly deciding that India shall be independent, Sovereign Republic. The Muslim League will never agree to such a monstrous proposal as the one put forward by Mr. Patel to ensure peace, which is only a dream of his."

IF INDIA IS TO BE DIVIDED
Then Mr. Patel says that in case the British decide upon the division of India, power should be transferred to the Central Government and let the Viceroy stand out and not interfere, and he will have a strong centre capable of dealing with the problems facing the country. This makes neither sense nor logic.

If the British decide that India must be divided and power transferred to the divided parts, then the Central Government must be dissolved and all power should be transferred to the two Constituent Assemblies formed and representing Pakistan and Hindustan.

Mr. Patel says the Congress has always proclaimed that it will not coerce any group or area which does not want to live with Hindustan, but what is the use if saying the Congress has proclaimed it will not coerce any group or area and all the time threaten to do so.

PARTITION OF PUNJAB AND BENGAL

It Is Absurd To Attribute It To Congress, Says Dr. Rajendra Prasad

BANGALORE, May 10. (A.P.I.): Doctor Rajendra Prasad, President of the Constituent Assembly and Food Minister in the Interim Government, addressing a public meeting today said that the announcement by the British Government to transfer power by June 1948 was of great moment to India and had thrown upon Indians a great responsibility. The work that now awaited accomplishment was the framing of a constitution to which the Indian Constituent Assembly was at present addressing itself. In this great task, added Dr. Rajendra Prasad, "We want every son and daughter of India to participate," the constitution to be framed must be one acceptable to the whole country including the Indian States.

Whenever a great event happened in the history of the world, Dr. Rajendra Prasad went on, it was accompanied by a certain amount of trial and turmoil and India must free from it today. People should not, therefore, feel down hearted but fix their eyes to the goal that was now approaching.

Referring to the Muslim League's demand for division of the country, Dr. Rajendra Prasad said, while the Congress stood for an undivided and united India, it did not want to force its will on any group which had a different viewpoint. But a new generation would grow which would realise the seriousness of the mistake which was being committed today.

Dealing with the demand for partition of the Punjab and Bengal, Dr. Prasad said, it was wrong to think that the Congress wanted it. But, the Congress had made it clear, however, that if India was to be divided then these provinces must be divided as the Muslim League could not insist on having portions of these provinces which repudiated it. Dr. Prasad characterized as absurd the view that the Congress claimed the decision of these provinces. Division of other parts of the country also might be envisaged. There would be

Reds Infiltrate Into Wafd?

Police Raids And Arrests Sequel To Cairo Bomb Outrage

CAIRO, May 11. (U.P.A.): Reports that Communists have infiltrated into the Nationalist Wafd Party circulated as the police continued their search for the person who tossed a bomb into the crowded Metro Theatre Tuesday killing four persons and injuring 12 others.

Police squads raided homes and offices and arrested an undisclosed number of persons, but most of them were released after questioning. Reportedly virtually everyone arrested in the past four days was either a known or suspected Communist or Wafdist youth. In their latest sweep the police arrested Maitte el Roubie, owner of the Wafd Party organ, "Barikat el Shahab", and Abdel Rouf Magdi, reporter for the publication. Many Communists were reported still in custody and Premier Mahmoud Fahmy Nokrashy was said to have personally questioned several suspects for periods upto 45 minutes.

GENERAL AMNESTY LURE FOR GREEK GUERRILLAS

ATHENS, May 11. (U.P.A.): The Greek Government has agreed "in substance" to the United States suggestion for an internationally supervised general amnesty to lure Greece's estimated 15,000 guerrillas from the hills. But the agreement contained in a note to United States Ambassador Lincoln McVeigh was based on the condition that the Balkan Commission's recommendation for United Nations supervision of the amnesty be withdrawn.

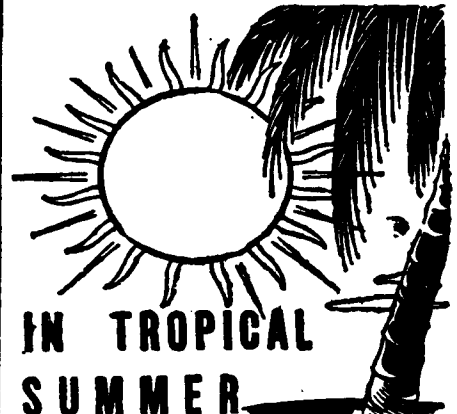

The note followed a 90-minute meeting between McVeigh and Deputy Premier and Foreign Minister Constantinos Tsakalof, who sought clarification of the United States proposal for a "genuine amnesty". The United States reply is expected early next week.

INDIA FACING DIFFICULT FOOD SITUATION

Sequel To Failure Of Wheat Crops And Inadequate Allotment

BANGALORE, May 10 (A.P.I.): Addressing a Press Conference here today, Dr. Rajendra Prasad, Food Minister in the Interim Government, said that India was facing a difficult food situation owing to the failure of wheat crops in India and inadequate arrival of the allotted quantity of food grains from abroad.

DEFICIT He disclosed that, out of 400,000 tons of rice allocated to India during the first half of this year, only 182,000 tons had so far been received. The Government expected to get another 100,000 tons of rice by May and June which would still leave a deficit of about 120,000 tons to be covered up. He expressed anxiety over the Washington report that India had not been allotted any rice for the second half of this year and said that India's representative had seemingly failed in his case for more rice imports to India.

Giving an over-all picture of the food situation, Dr. Prasad said that the current wheat crop in India was suffering in most parts of India owing to rust. It was estimated that the losses in the wheat yield would be the neighbourhood of two million tons. Unlike last year when the Government were prepared for a food crisis, this year, they were not prepared, as crops, which showed a promise in the early stages, had declined towards harvest and consequently they did not know that any crisis was coming.

MUST DIFFICULT PERIOD

The most difficult period, in his view, would be from July to November. Dr. Prasad added that imports were not coming as quickly and in as large quantities as the Government had expected. While 400,000 tons of rice were expected from Burma, he was afraid that India would not get that quantity. While India was helped considerably last year in regard to wheat imports, no wheat was obtained this year from Argentina and things were in an unsettled state with regard to wheat this year.

J. R. D. TATA AT JAMSHEDPUR

Sequel To Labour Trouble At Iron And Steel Company

JAMSHEDPUR, May 10 (A.P.I.): The Labour situation here is normal except for a few minor incidents. Mr. J. R. D. Tata, the Chairman of the Tata Iron and Steel Company, arrived here this morning from Bombay and held conferences with important executives of the Company to explore ways and means of easing the Labour situation. He is likely to meet representatives of the Tata Workers' Union after which, it is learnt, an important announcement will be made.

Pandit Binodanand Jha, Minister of Local Self-Government who left Patna this morning is said to be expected here tomorrow to continue his work towards the solution of the Labour problem.

LATHI CHARGES AND ARRESTS IN NEPAL

BENARES, May 11. (A.P.I.): Eight Satyagrahis were arrested in Nepal on May 9 and six of them were released at night, says the Secretary of the Nepal National Congress. These were the first arrests at Benares where Satyagraha was started by the Nepal Congress about three weeks ago.

The Secretary adds that the police made 'lathi' charges on two processions.

BOMBAY PROVINCE SALES TAX PROTEST FRONT.

Mr. Naushir Bharucha, Hon. Secretary, Bombay Province Sales Tax Protest Front, writes:

As you are aware the Government of Bombay have already amended the Sales Tax Act, ignoring the major recommendations even of the Sales Tax Committee appointed by themselves with the result that the grievances of the mercantile community and the public have remained undressed and provisions of the Act necessitating maintenance of several sets of accounts, frequently submitting accounts for assessment to the Sales Tax Commissioner's Office, responsibility for submitting returns, apprehension of search warrants and seizure of accounts books are still there. The amendments made are of a tinkering character only.

At a meeting of the Bombay Provincial Sales Tax Protest Front and of individuals interested it was resolved to hold a Sales Tax Conference at Bombay, a protest against the attitude of the Government and their failure to redress the grievances, and to take steps to intensify the agitation against the Sales Tax and to take concrete effective measures to that end. It is therefore proposed to convene a Conference in the first week of June 1947 at Bombay. The exact date and time will be communicated to you later.

Any individual or firm, Commercial Association, Cooperative Society, Consumers' Association or other body interested in this matter may join the Conference as a Delegate. A fee of Rs. 5 per delegate has been fixed.

The Conference is expected to last two days. It is provisionally proposed that there will be presidential address on the afternoon of the first day. The Delegates will then resolve into a Sub-joints Committee, which will work on the next day morning. The final open session will take place the same afternoon.

All persons or bodies desirous of joining the Conference as Delegates are requested to forward their names and addresses with Rs. 5 to the Hon. Secretary Sales Tax Conference, c/o Bombay Province Sales Tax Protest Front, Bharat Bhavan, 465, Keshavnagar Road, Bombay. All District and Taluka Centres of the Front are particularly requested to enrol as many delegates as possible.

The closing date for enrolments of delegates is 31st May.

CALCUTTA, May 10 (A.P.I.): The present scheme for Partition of Bengal, which was announced by the Government of India, is being met with a strong reaction in Calcutta. The Government of India are said to be considering a meeting at Harinagar in 24-parganas.

PREMIER MEETS HOME GUARDS

Exhorts Them To Implement Joint Peace Appeal

BOMBAY, Sunday—Leaders of the Congress, Muslim League and Hindu Mahasabha organisations in the city were present when Prime Minister, B. G. Kher, addressed a parade of the Home Guards this morning opposite the Churchgate Station and told them to carry out the spirit and content of the recent peace appeal of Mahatma Gandhi and Mr. Jinnah.

Advising the Home Guards to perform their duty without fear or favour but as disciplined members of a growing voluntary peace-preserving organisation, Mr. Kher remarked that an important part of their duty would lie in instilling "civic consciousness" into the people.

"You should keep aloof from party politics. You are pledged to serve the citizens irrespective of their caste, colour and creed," he said.

An assurance that they would be pledged to the maintenance of peace and look upon themselves as having undertaken a sacred and onerous task was given by Lt. Col. A. B. Gajendra-gadkar, Commandant of the Home Guards.

The Home Minister, Mr. Morarji Desai, and Mr. Maneckji, Adjutant to the Home Guards, were present at the function.

INDIAN PEOPLE'S THEATRE ASSOCIATION

The Indian People's Theatre are reviving their historical production in Gujarati "Aishwariya" at the New Theatre, Kalbadevi, on 20th and 23rd May, at 7 p.m.

The theme is about 1857 great Revolution when for the first time in the history of India, Hindus and Muslims unitedly gave a trumpet call of freedom for the country against foreigners. This call to quit was given from one end of the country to another. It was the first agitation of its kind and the smallest part of Kathiawar in a corner of India was not out of this agitation.

All men, women, young and old of a "Wagher" community, under the leadership of "Mulu Mane" were out in the field. Each and every man of the community was slaughtered but they did not retreat. This shining story of the great sacrifices made by Kathiawar people is woven in this play.

Tickets are available at IPTA office opposite Opera House and at the Theatre.

RADICAL DEMOCRATS GO AT CONGRESS

BOMBAY, Sunday. A resolution, expressing the emphatic view that the Constituent Assembly, as it is constituted today, represents only the upper-classes and their parties, and as such, no Constitution passed by that body could be legally or morally binding on the unrepresented masses, was passed by the Bombay Provincial Radical Democratic Party Conference, which concluded its two-day annual session this evening.

The Conference called upon all advocates of freedom to resist the attempt of the Assembly to impose, what it described as "fake Constitution."

A resolution on the present political situation deplored the present communal strike and appealed to "all fighters for freedom to support, join and build up a radical democratic movement by working through the Radical Democratic Party."

The Conference expressed concern at the prevalence of black-marketing, corruption and profiteering in the essential commodities like food and clothing under the Congress rule and appealed to the people "to help build up a really democratic movement which will throw up an alternative to the present autocratic and reactionary rule of the Congress."

ALLEGED ATTEMPT TO SMUGGLE GOLD FOILED

BOMBAY, Sunday. An attempt to smuggle large quantities of gold into Bombay by a party of Arabs, who had landed here from Middle East, was foiled by the vigilance of the Bombay Customs authorities, who succeeded in recovering Rs. 16 lakhs worth of Mexican gold coins, gold bars and irregular pieces of gold.

On April 29, an Arab seaman who landed at Mallet Bunder was searched by the Customs staff and 50 gold coins in two bundles were recovered from his person. Suspecting an organised attempt at smuggling the precious metal, the Customs staff immediately arranged a vigorous search of all Arab crafts lying in anchorage off Mallet Bunder which resulted in the seizure of cloth bags similar to those recovered from the Arab. The Customs Preventive Staff successfully combed out the sea bed and recovered several bundles of gold coins.

All the gold has been confiscated and is under safe custody in the Reserve Bank of India.

New Milk Plan For Bombay

The Director of Publicity, Government of Bombay, writes:

The Government of Bombay has announced a plan for the improvement of the milk supply of Bombay City. This plan envisaged, "inter alia" a scheme for daily transport of 100,000 lbs. of milk from the Kaira District to Bombay by rail. Consequently upon this announcement, it has been noticed that certain dairy interests in the Kaira District seem to have started floating new concerns with the object of participating in the Government's scheme for transport of milk.

While the Government of Bombay has no desire to create a monopoly in the matter of collection, processing and transport of milk, the existing conditions of milk trade are such that the development of Anand-Bombay milk project must be according to an organised plan and undertaking. The Government, therefore, wishes to make it quite clear to all concerned that any party contemplating the promotion of a private public company with the object of processing and transporting of milk to Bombay or elsewhere or for doing any other kind of dairy business must first communicate his or their intention to the Government and also submit details of the project before proceeding any further in the matter. In the interest of the promoters themselves, it is essential that they obtain prior approval of the Government to such projects. If this is not done they stand a chance of their concerns not being recognised by the Government and assistance or licence for export of milk may be refused to them, thus involving considerable financial loss.

Drastic World-Wide Shortage Of Dollars Impending

U.S. Will Have To Reinstitute Lend-Lease "In One Form Or Another"

WASHINGTON, May 10 (Reuter): A forecast that the United States Administration will have to reinstitute Lend-Lease "in one form or another" within the next 12 months was made today by the Washington Post columnist Walter Lippmann, who is known to reflect and even foreshadow State Department policy.

Warning of a possible "catastrophic collapse of the European standard of life" Mr. Lippmann declared that "in the next few months, certainly within 12 months, the United States will have to establish in some form or other Lend-Lease at the rate of not less than 5,000,000,000 dollars annually for several years to come."

Lippmann described the Under-Secretary of State Mr. Dean Acheson's speech at Cleveland and two days ago as the first step by the administration in announcing such a programme to the American public.

His forecast confirms the belief widely held in responsible quarters here that a drastic world-wide shortage of dollars is impending.

This belief is coupled with the conviction that unless there is foreign aid far more extensive than the funds for Greece, Turkey and Korea so far envisaged, disastrous shortages will follow in many countries from lack of money. It is noted that dollar shortages are becoming evident not only in Britain and France but also in nations formerly thought prosperous such as Sweden and Mexico.

Taken as a sure sign that countries are scraping the bottom of the barrel to buy goods and that the United States can provide is the fact that Federal Reserve gold holdings increased recently by 150,000,000 dollars in one week alone.

TO DIVIDE OR NOT TO DIVIDE BENGAL?

SUHWARAWDY'S 90 MINUTE TALKS WITH MAHATMA GANDHI AT SODEPUR ASHRAM

CALCUTTA, May 11. (A.P.I.): Mr. H. S. Suhrawardy, Chief Minister of Bengal, had a discussion lasting over ninety minutes with Mahatma Gandhi at Sodepur Ashram this afternoon.

It is learnt that the question of the desirability of a united, sovereign Bengal was discussed. Mr. Suhrawardy placed before Mahatma Gandhi a picture of the future, United Bengal as he visualised it. He will again meet Mahatma Gandhi to-morrow.

Mr. Fazlur Rahman, Revenue Minister in the Bengal Government, was present at the discussion. After the meeting, Mr. Suhrawardy told pressmen: "I placed before Mr. Gandhi my picture of the future United Bengal as I visualise it. I consider that if Bengal is partitioned, it will be cruelly disastrous for everyone. I feel that we should, therefore, co-operate to save Bengal. If I have the future of Bengal in my hands, it is my duty to see that Bengal becomes prosperous and becomes a great country. I do not want partition at any cost. I shall never be a party to a scheme for partition or work for it."

Mr. Suhrawardy continued: "If the Hindus are prepared to listen to me and talk to me, I am prepared to go and talk to them. I feel that unfortunately such a tremendous amount of suspicion, has been aroused that even the slightest action is being misconstrued. Some newspapers are working this up and are deliberately trying to distort things. Even though I am prepared to go to them. Some day this terrible wall of suspicion has got to be demolished. Hindus must be ready to reciprocate and come to some sort of arrangement."

KABIR'S CALL TO SUHWARAWDY

Terms For Keeping Bengal United

SIMLA, May 11. (A.P.I.): Prof. Humayun Kabir, former General Secretary of the Krishak Proja Party (Bengal), suggested in Simla to-day steps to avert partitioning of Bengal which he felt, had otherwise become inevitable. He said that the policy of the Muslim League, combined with the controlled campaign of hatred and violence and methods of gangsterism pursued by the Muslim League, combined with inefficiency and corruption to create conditions of unparalleled maladministration in Bengal.

Pointing out that the division of Bengal was just as meaningless and harmful as the division of India, Prof. Kabir in an interview asked the Bengal Premier, Mr. H. S. Suhrawardy, to retrieve his position even now and justify his recent professions of "racial unity of all Bengalees" and "passing a bill or at least a resolution accepting joint electorates for the Province and inviting Congress Party in the Bengal Legislature to join his cabinet on the basis of equality and joint responsibility."

He added that "if these two steps were taken forthwith unity of Bengal may be saved."

Referring to Mr. Suhrawardy's claim that he stood for independence of Bengal, Prof. Kabir said that he must at least be waiting for solution of the Congress-League tangle in other Provinces and if he performed these two simple acts this would prove his sincerity.

HOLD FRESH ELECTIONS. The last general elections in Bengal were a farce on account of "violence, terrorism and corruption practised by the League", Prof. Kabir said. "To-day when the policy of the League has recoiled on itself and the choice between the two alternatives of United Bengal in United India or half of Bengal outside Indian Union, the electorate should be called upon to express its opinion. If the League persisted in its demand for the division of India with its natural sequence in a division of Bengal there must be immediate dissolution of Bengal Ministry and Bengal Legislature and fresh elections to decide the future of the Province."

NEW BR. PLAN REFERRED BACK TO LONDON! (Continued From Page 1)

President has invited Dr. Pattabhi Satharamayya, Dr. Khan Sahib, Mr. Jayaramdas Doultram, Mr. Gopinath Bardoloi, Pandit Govind Ballabh Pant, Sri Jagjivan Ram and Sardar Baldev Singh attend the Congress Working Committee meeting on May 16.

The A.I.C.C. Office states that it is possible that notice of the meeting on May 16 may not reach members in time and request is made to take this press announcement as notice.

GANDHI FOR DELHI. CALCUTTA, May 11 (A.P.I.): It is learnt that Mahatma Gandhi will leave Calcutta for New Delhi on Wednesday, May 14.

LEAGUE EXECUTIVES MEETING POSTPONED. NEW DELHI, May 11 (A.P.I.): Mr. Liaquat Ali Khan, General Secretary of the All-India Muslim League, announced that the emergency meeting of the Working Committee which was to be held in Delhi on May 18 has been postponed to the first week of June. The exact date of the meeting will be announced later. It is understood that this decision follows the postponement to June 2 of the conference called by the Viceroy to announce H.M.G.'s decision.

NEW LEAD EXPECTED FROM BR. GOVT. LONDON, May 11. (Reuter): The question of whether power is to be transferred to a United or Divided India will provide the crucial theme of the Conference of Indian leaders called by the Viceroy, Viscount Mountbatten, according to authoritative London quarters, radios Fraser Weighon, Reuter's political correspondent.

INDIA'S RESPONSIBILITY. The British political world believes that responsibility for taking this decision would be India's herself. An important object of the talks will be to sound the views of Indian leaders on a scheme designed to decide this fundamental question, so that preparations can be speeded for a subsequent plan or plans necessary to the actual transfer of power.

The proposals which the Viceroy intends to discuss with Indian leaders

DUTCH-INDONESIA CLASH INEVITABLE

Position Accepted By Republican Cabinet

PONTIANAK, Borneo, May 11. (Reuter): A Dutch communiqué published here today said that the Indonesian Republic had rejected Dutch proposals for "joint regulation of trade, foreign exchange and customs."

The communiqué was published after the arrival here of Dr. H. J. Van Mook, Lieutenant-Governor-General and Prof. Willem Schermerhorn, Chairman of the Commission-General for signing the statute giving West Borneo of the status as an autonomous territory with an independent government within the Dutch Empire.

It stated that the attitude of the Indonesian Republic has "created grave concern and disappointment in the Netherlands circles" and added that the economic talks lasting several weeks following the Lingardjati Agreement (providing for a "United States of Indonesia" signed by Holland and Indonesia on March 25) had produced no tangible results.

The communiqué recommended viewing the situation in Sumatra and the lack of Republican co-operation on the island and described the situation as "not cheerful."

An official communiqué issued today by the Netherlands East Indies Government Information Service states that Indonesian proposals for an agreement between the two countries "ignore" article 14 of the Lingardjati Agreement which concerns restitution of foreign rights and properties.

The United States Government in a verbal approach to the Netherlands Government recently urged an immediate move for an agreement on economic and financial matters in Indonesia, particularly on Article 14. The Dutch Foreign Affairs Ministry's Far East Section in Batavia was instructed to communicate the American message to the Republican Government.

The recent Republican Cabinet meeting at Jogjakarta apparently decided to accept the clash between the Dutch and the Republic as inevitable. The Republican Cabinet daily "Nieuwswaard" which is published and keeps the closest contact with the Republican Information Ministry, stated yesterday in a lengthy editorial, "The paper admits that no progress had been made politically or economically since the signature of the Lingardjati Agreement towards closer Dutch-Indonesian co-operation."

According to the paper the Dutch attitude was responsible and Dr. Sukarno was quoted as having pointed out repeated Dutch violations of the Lingardjati Agreement, the most glaring examples of which were the creation of the East Indies State, granting of autonomy to West Borneo and alleged support of the "Paseoan Free State in West Java."

The "Nieuwswaard" then announced that the Republican answer would be that the so-called Dutch blockade might eventually call for what is styled a "counter-blockade" amounting to "drastic change of the hitherto tolerant republican attitude towards smuggling of rubber, etc. out of the country."

ening those who want to separate with all sorts of consequences, and obstructing and making it more and more difficult for them to separate in a friendly way?

"NEW CONGRESS STUNT" "It is quite obvious that Mr. Patel and the Congress say they will not compel any group or area to remain in Hindustan or use force, but they act just the contrary. Why not agree? But a new stunt has now been started: that if you want division they will accept it, but we are told it will result in the division of the Punjab and Bengal. This is another sinister move and Mr. Patel says that if non-Muslims are forced into Pakistan there will be civil war. Mr. Patel cannot see that the demand for the division of India is based on the fundamental principle that already we have our national homeland where we want to establish a National State. It is based on an entirely different principle as I have recently pointed out in a statement of mine, whereas the Congress demands a partition of Bengal and the Punjab—the non-Muslim minorities there will not receive fair treatment from the Government of these provinces because the Muslims will be in a majority. The same argument applies with much greater force with regard to Muslims and non-caste Hindus in Hindu majority provinces."

Referring to the fragmentation of several provinces and this cannot be supported morally—and it is absolutely destructive—because it will lead to seriously breaking up the provinces economically; splitting up the Hindus and Sikhs and politically is not only dangerous for the present but more so in the future."

NOT JUSTIFIABLE ISSUE "The next point Mr. Patel referred to was that division of India would be difficult to carry out by June 1948 and he visualized perhaps years to elapse before the division of the army and the army would cause delay. It is difficult for me to believe that His Majesty's Government has fixed the deadline of June 1948 a random."

Cochin Minister Speaks Out

No Future For States As Independent Units

BOMBAY, May 11. (A.P.I.): Mr. P. Govind Menon, Cochin Minister and member of the Constituent Assembly, speaking at a reception given in his honour this evening by the Bombay Kerala Samaj, expressed himself in favour of "Aikya Kerala" forming part of an Indian Union.

Mr. Menon, who made it clear that he was speaking in his personal capacity and not as a minister if Cochin, referred to the various suggestions for the constitution of "Aikya Kerala" and said some people favoured a three-tier constitution in the shape of a sub-federation of Cochin, Travancore and British Malabar attached to the Indian Union. But he was not personally in favour of such a constitution as it would not help the progress of Kerala—economically, politically or culturally. He favoured the formation of "Aikya Kerala" as a single unit.

That was, however, a matter, he continued, to be decided by the people themselves. Even the continuation of monarchy was a thing to be decided by them. If they felt that the existence of such dynasties would not impede their progress, the rulers could continue. Otherwise they would have to go.

Referring to the Travancore Declaration that Travancore would become independent in June 1948, Mr. Menon said neither Travancore nor Cochin would have any future as independent units. While the rulers might feel pleased that they had the same status as the heads of other states like Holland, the people's condition would become miserable. The states could not be self-supporting.

Moreover, if Travancore or Cochin became independent, every Travancorean or Cochinite would be treated as an alien in the Indian Union. They would not be able to carry on their business or profession outside their states as they were doing now. They would have the same status in India as the Dutch or Frenchmen.

Mr. Menon cannot trust as India's Ambassador. For that matter, even Sir C. P. Ramaswamy Iyer would become an alien in Travancore. Concluding, Mr. Govind Menon declared that the formation of such an "Aikya Kerala" would depend upon the people's will. No amount of obstructions placed in their way by C. P. Ramaswamy Iyer would stop them from achieving their object. Even dictators like Hitler and Mussolini were wiped out by the people's will.

Mr. Menon paid a tribute to the progressive policy of the Cochin Maharajah and declared that he was deeply indebted to him for having rightly the spirit of the times and was moving with them.

PARIS, May 10. (Reuter)—The French Government today decided to link the native political organization in Madagascar known as "Democratic Movement for Malagasy Removal" on grounds that it was responsible for the rebellion against French authority which broke out on March 29.

and in reply I pointed out that the demand of Pakistan was based on the right of self-determination, which is the birthright of Muslims and not and cannot be a justifiable issue.

Any intelligent man would understand that the right of self-determination is an inalienable right of a nation and the recognition of the sovereignty of the people by a nation by a democratic process. And it cannot be made the subject of a vote of two nations, Hindus and Muslims. The result of such a process, if adopted, is a foregone conclusion because there is a brute Hindu majority of three to one. Nor can it be made the subject of arbitration by another authority. Mr. Patel knows it but he is repeating this song to confuse people here and abroad by misrepresentation."

Dual System Of Govt At Centre? Interim Arrangement Pending Final Adjustments

(From Our Correspondent)

NEW DELHI, May 10. Persons in close contact with Viceroy's House believe that British Government have been successfully persuaded to accept Viceroy's proposals for the partition of India on the basis of division of Punjab and Bengal. Soon after H.M. Government's latest declaration, two Cabinets on the basis of "national division of Bengal and the Punjab" will be set up pending final division of Punjab and Bengal through a boundary commission.

Two Cabinets At Centre

Pending final adjustments, there will be two Cabinets at the Centre, one for Pakistan areas and the other for Hindustan areas. Again, for the interim period, these Cabinets shall function as one on matters relating to Defence, External Affairs and Communications.

Mysore And Travancore

As for States, I am given to understand, soon after the anticipated statement of the H.M. Government, both Mysore and Travancore will declare their decision to join the Constituent Assembly.

NIZAM AND INDIAN UNION

HYDERABAD, (Dn.), May 9 (A. P. I.): Dr. Syed Abdul Latif, criticising Dr. Patabhi Sitarayya's recent statement on Hyderabad said to-day it "will only add to the communal tension prevailing in the country."

Dr. Patabhi Sitarayya had stated that the moment the Nizam of Hyderabad declined to join the Union or declared his independence, the Andhras, Maharashtrians and Kanadigas of the State would declare their right to join Andhradesa, Maharashtra and Karnataka, and thus "liquidate the Nizam's Dominions for ever."

"Dr. Patabhi knows perfectly well," Dr. Latif said in a statement, "that Hyderabad is a major problem with the Muslims of India, and as such a responsible member of the Congress Working Committee like him should have thought twice before expressing his views on it."

"The moment British Paramountcy disappeared Hyderabad automatically becomes independent, and it would be left to her to join the Union or not. Hyderabad could, according to the Cabinet Mission's plan, enter into some particular political relationship with the Union. What that relations should be like is a matter for negotiation."

"A leader of the Congress in the position of Dr. Sitarayya should in the spirit of goodwill concentrate on this alternative, so that an agreement may be reached, honourable alike to the Nizam and the rest of India. That is the only way to create and maintain mutual regard and peace in the country."

Dr. Latif proposed what he called a "cultural zones" scheme, involving the peaceful exchange of populations. "If it is the ultimate aim of the Con-

gress to remove the Hindus, Andhras, Maharashtrians and Kanarese from under the rule of the Nizam and join them with their respective folds across the borders of Hyderabad."

"UNITE AND FOIL BRITISH GAME"

PATNA, May 10 (A.P.I.): Allama Mashriqui, the Khaksar leader, addressing a largely attended public meeting of Hindus and Muslims held here this evening on the occasion of the observance of the Bahadur Shah Day exhorted the Indians to unite, discipline themselves and undergo military training for overthrowing the British Raj instead of relying on the promise of the British Government to quit India by June 1948.

He added that the masses of the people must unite and foil the British game to make them fight against one another. It was for the common man to rise up to the occasion for his own benefit and to fulfil the ideals of Bahadur Shah and Netaji Subhas Chandra Bose.

No Remaining Under League Subjugation

LAHORE, May 10 (A.P.I.): Sardar Swarnsingh, leader of the Panthic Party in the Punjab Assembly on his return from Delhi, where he had been to discuss the impending constitutional changes with the Panthic and Congress High Commands declared to-day that the Sikhs were determined not to remain under Muslim League subjugation.

The Sikh leader asserted that the live issue was now the mode of partition of the Punjab and not the prospect thereof. In an interview to the Associated Press of India Sardar Swarn Singh

French Minister. Hopes India Will Be One Some Day

Henri Roux On Mission Of Negotiating Air Pact With Delhi

BOMBAY, Sunday. The view that India was so much and so obviously one country that it was bound to be one some day, was expressed by Mon. Henri Roux, Minister Plenipotentiary, and French Charge d'Affairs in India in an exclusive interview to the representative of the "Chronicle" here to-day.

Mon Roux, who is on a tour of French settlements and Consular office, arrived to-day by plane from Madras. Having already been in Calcutta and Delhi he went south as far as Tanjore and Trichinopoly.

He said he was very glad to see the south. As a tourist he thought it was beautiful. He was glad to see the rich vegetation and the marvellous temples of the South.

Having covered a vast part of the country he said: "I am very much impressed by the obvious unity of the country. While there are differences, say between Calcutta and Delhi and Madras, the differences are not great considering the distances. It is the same land, one country. Because of this I feel India will be one some day."

Having taken charge at Delhi on March 25, Mon Roux has had occasion to meet Pandit Jawaharlal Neh-

ru a number of times. He also met Mahatma Gandhi twice. He spoke of both of them with enthusiasm. "They are very interesting, very human, very comprehensive. One has much to learn by speaking with them," he said.

Mon Roux has been negotiating with the Government of India for an air service between France and India. He indicated that negotiations were nearly complete. He had sent technical proposals to his Government and as soon as Paris approved them he would be ready to sign an agreement with Pandit Nehru.

Peace Feelers In Indo-China

All Viet Nam Nationalist Front
To Negotiate With Fr.
Authorities

SAIGON, May 10 (Reuter): Peace feelers between the French and Vietnamese (Indo-Chinese Nationalists) which have been sensed for over three weeks here and outside Indo-China are now expected to take a more concrete form at Hanoi which French High Commissioner Rene Baeris is visiting next Wednesday.

A letter presumably containing "peace offers" from Ho Chi Minh's Government has already been delivered to M. Bollaert's personal envoy, who is now in Hanoi, it was reliably learned here.

During his three day stay at Hanoi, M. Bollaert will make a public speech which may have a vital bearing on the political situation in Indo-China.

No final settlement is envisaged, however, until after M. Bollaert returns from Paris about the middle of June. He is expected to leave for Paris on May 25.

As the preliminary negotiations with the Viet-Nameese Government gain momentum, several political groups are hurriedly rallying together under a new political party called "All Vietnam Nationalist Front" in order to negotiate with the French authorities.

The new party's spokesmen claim that some of their leaders have already established contacts with the official intermediaries. They also claim that the ex-Emperor of Annam is the leader of the new party notwithstanding the latter's repeated declarations that he is no longer interested in politics.

The Nationalist Front—according to a manifesto recently issued—has the same ideal as Ho Chi Minh's party, namely the unity and independence of Viet-Nam inside the French Union, but it is opposed to the present Government of Ho Chi Minh because "it is Communist and Totalitarian."

INDIAN VIEWS ON U. S. S. R.

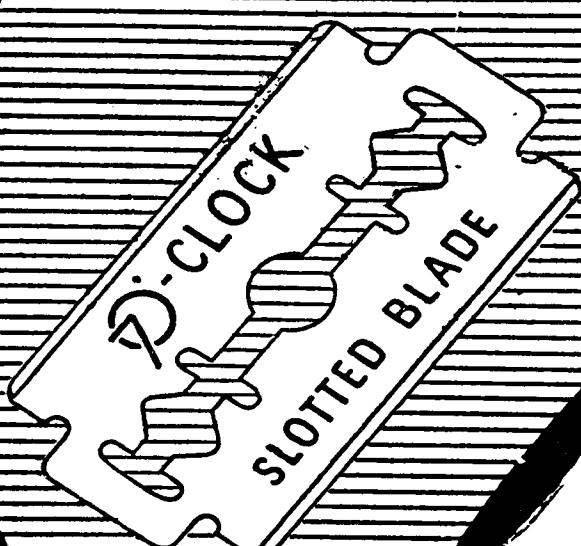

MOSCOW, May 9 (I. P. A.): Mr. Umarov, Principal Central Asia State University, who visited India as a member of the Soviet Scientists Delegation to the session of the Indian Scientific Congress, has published a diary of his journey. Umarov writes: "What struck us was the lack of true ideas about the Soviet country on the part of an overwhelming majority. We were convinced of this by our conversations with Indian representatives."

Vice-Chancellor of the Benares University is seriously convinced that there existed no personal property in the Soviet Union and that absolutely everything there belonged to the State. Nor did they know in India about freedom of religion in the U.S.S.R.

Everywhere we were accorded cordial welcome. More regrettable was it to realise that Indians do not receive fruitful and comprehensive information on the life of the peoples of U.S.S.R. on the cultural and economic development of Soviet Republics."

TEHERAN, May 9 (Reuter). The Persian press explained that the Soviet authorities in spite of repeated promises had not paid customs duties totalling approximately £1,000,000 for cotton piece goods and sugar imported to Iran since 1942.

MICA

from the land of the sacred Bo-tree

Not far from Buddh Gaya, where Buddha sat beneath the sacred bo-tree and became enlightened, runs the famous mica-belt of Bihar. This belt, 20 miles wide, stretches for about 90 miles from the Gaya district, through Hazaribagh and Monghyr districts to the Bhagalpur district. Mica, nowadays invaluable in the electrical industry, was also called muscovy glass, due to its use in early days by the Russians for window panes. As an insulating medium, mica is indispensable in the electrical industry. The development of wireless telegraphy and radio communication, aeronautical engineering and motor transport would have been impossible without mica. It is used in different forms in a great variety of electrical devices, e. g. commutators of dynamos and motors, condensers of magneto and wireless apparatus, the resistances of electrical heating devices, in rheostat brush holders, fuse boxes, ignition plugs, lamp sockets, telephones, radio valves. Again it is used in the construction of stove fronts, patent roofing materials, fire-proof paints and for many other purposes. India is the largest producer of mica in the world, being responsible for nearly 80 per cent of the total supply, and Bihar's famous mica belt is itself responsible for 80 per cent of India's total production.
